Warsaw, 19 of November 2015

TDT.H-1043-34966-2/15

Type-approval department in Transportation Technical Supervision kindly informs that the Company:

CERTOOLS Sp. J. Piotr Czekalski, Krzysztof Hanke
ul. Wspólna 23B
95-200 Pabianice

fulfils in all aspects the requirements of the ECE-Regulation 67 with regard to the conformity of production of specific equipment of motor vehicles running on liquid petroleum gas (LPG) and ECE-Regulation 110 with regard to the installation of specific components of an approved type for the use of compressed natural gas (CNG). The company has met all measures and procedures to guarantee an effective control of the conformity of the produced technical units with the respective approved type, which is approved in "Conformity of Production" Report carried out on 15th of July 2015 by Motor Transport Institute.

The company itself manages all necessary tests for the control of conformity of production. The approval authority – Transportation Technical Supervision – may verify these procedures at any time.

Notification is valid till March 2017.

Yours sincerely
Head of Type-Approval Department in Transportation Technical Supervision
